Whether to Strike Colors or to Urge Continuance of Passive Resistance to be Decided Following Conference With Federated States' Ministers, Probably Wednesday

(By The Associated Press)  
BERLIN, Sept. 22.—Chancellor Stresemann is to decide in the course of the next four days whether to strike his colors in the Ruhr or urge the populace to continue their passive resistance to the Franco-Belgian forces of occupation. The momentous decision will not be reached until the cabinet has conferred with the premiers of the federated states and those reichstag leaders qualified to speak for the parties making up the present coalition.

Pending such final deliberations the chancellor also will canvass the situation with the reichstag deputies from the occupied area and with officials, industrialists and labor leaders authorized to speak for the population of the Ruhr and Rhineland.

Upon the outcome of these conferences, which will begin next Monday depends the nature of the government's declaration which Dr. Stresemann will communicate to the reichstag next Wednesday.

# COMPETENCY OF THE LEAGUE TO BE DETERMINED

Made Necessary by  
Italy's Refusal to  
Accept Decision

(By The Associated Press)  
GENEVA, Sept. 22.—Prompt progress in its self-allotted task of securing judicial interpretations of the league covenant was made by the league council tonight when it appointed a committee of legal experts to formulate precise questions which will later be submitted either to the permanent court of international justice at The Hague or some other body of eminent jurists.

Tonight's action is the first step growing out of Italy's refusal to recognize and accept the competency of the league of nations in the Greco-Italian dispute.

Among the questions to be considered are the kind of disputes which come within the purview of the covenant, the rights of states to seize territory as guarantees and the responsibilities of states for political crimes committed within their frontiers.

The council also took another step in the movement tending to achieve the financial rehabilitation of Europe. It accepted a report of a financial committee whereby a new currency on a gold basis would be created in the free city of Danzig under the control of the league. The new unit is to be the gulden, worth one twentieth of one pound sterling, thus making Danzig a gold oasis surrounded by the paper currency territories of Germany and Poland.

Quincy, Ill., Sept. 22.—Raymond Benner, 20, was killed in a paper mill here last night. He was feeding a paper machine when his arm became caught in a roller and his body drawn into the machine. Benner came to Quincy from Belleville, Ill.

# TARIFF DUTY INCREASE TO HELP FARMER

Advocated as Means  
of Increasing Price  
of Wheat

(By The Associated Press)  
WASHINGTON, Sept. 22.—An increase in the tariff duty on wheat as a means of assisting western producers of that commodity was suggested today by Representative Anderson, Republican, Minnesota, who discussed the agricultural situation with President Coolidge at the white house. Mr. Anderson declined to talk about his conference with the executive but said he would lay his proposal before the tariff commission. The Minnesota representative who was chairman of the commission on agricultural inquiry declared the present duty of 30 cents a bushel on wheat is absorbed by the differential in prices as between the United States and Canada and that an increase in duty would result in an immediate advance in the price in the Minneapolis market.

# Where Authority Lies

President Coolidge has authority under the tariff act to increase or decrease duties within a radius of 50 per cent but no change could be made until there had been an investigation into the differences in the cost of production and this and competing countries which differences would form the basis for any change of tariff rates. Moreover the new rates could not become effective until thirty days after they had been proclaimed by the president.

At the offices of the tariff commission it was stated that such an inquiry with regard to wheat could be made more expeditiously than could an investigation affecting most other commodities as the differences in cost in the United States and Canada would be the controlling factor. There was no estimate, however, of the length of time that might be necessary for such an investigation.

# ATTENDANCE RECORDS BROKEN IN IOWA "U"

(By The Associated Press)  
IOWA CITY, Iowa, Sept. 22.—All registration records in the history of the University of Iowa have been broken. It was announced by officials of the school here tonight. With the official registration period at a close 521 more students had been registered than at a corresponding time last year.

Enrollment of students will continue next week in order to care for the influx.

Estimates based on the increase now recorded said 7,500 pupils will be enrolled by next Saturday. Last year's total was 6,200.

# BROOKHART ATTACKED FOR SOVIET ADVOCACY

(By The Associated Press)  
NEW VIRGINIA, Iowa, Sept. 22.—Burton E. Sweet, former congressman and candidate against United States Senator Smith W. Brookhart for the Republican senatorial nomination next spring today assailed Senator Brookhart for his advocacy of recognition of the soviet government of Russia.

"The methods used by representatives of the Moscow government in this country have been employed by demagogues and office seekers in some states in the Mississippi valley," declared Mr. Sweet.

"Why," he asked, "should a United States senator go to Russia? To better equip himself to represent the people of the state, or is it the means of which a senator virtually says to the radical element in this country: We are in sympathy with your proposals and plan and with you in thought in action?"

The address was the second made by Mr. Sweet since he announced his candidacy for the senatorial nomination several weeks ago.

# FEAR IS FELT THAT FRUIT BOAT IS LOST

(By The Associated Press)  
CHICAGO, Sept. 22.—Fear increased today that the fruit boat Florelle which sailed from St. Joseph, Michigan, for Milwaukee Wednesday had foundered in the lake. Nearly a score of boats today searched for the boat which carried a crew of five men.

The coast guard cutter Tuscarora, aided in the search. A buoy marked "Cornelia of St. Joseph" found floating in the lake which is considered a possible clue to the vessel's fate as members of the coast guard stated she might have carried the buoy.

The fruit boat, American Girl, companion vessel to the Florelle, reached Milwaukee Wednesday.

# CHICAGO MAYOR ACTIVE IN CLOSING SOFT DRINK PLACES

(By The Associated Press)

CHICAGO, Sept. 22.—The grand jury will hear next week of the fights between rival bands of beer runners that have resulted in three deaths in two weeks, it was announced tonight.

Thomas Peden, assistant state's attorney, said he will go before the grand jury Monday with several witnesses and ask the indictment of Daniel McFall, former deputy sheriff for the murder two weeks ago of Jerry O'Connor, alleged beer runner who was killed when two rival bands of beer runners met in a saloon. At the same time Mr. Peden said that William Dickman, another suspect, is believed to be directly implicated in the killing this week of George Meegan and George Bucher, who were shot and killed as they drove along a boulevard in their automobile.

Meanwhile the campaign against bootlegging was pressed by city and federal authorities. The licenses of 39 more saloons were revoked by Mayor Dever today, making a total of more than half a hundred revoked in two days. Police raids on soft drink parlors and saloons were continued tonight. 372 persons and large quantities of liquor having been seized up to this evening. A still blew up tonight just as police started to raid one establishment, blowing one officer thru the door and cut on to the side walk. Five hundred gallons of alcohol and 1,000 gallon cans of moonshine were seized in this raid as well as shotguns and pistols.

Among those for whom the police were searching in connection with the slayings was Frank McElrath, believed to be the head of a band of beer runners unfriendly to the gang to which the man slain belonged.

# MODERN CITIES TO RISE ON RUINS OF 'QUAKES AND FIRES

Japan's New Foreign Minister Makes Plans Known

(By The Associated Press)  
TOKIO, Sept. 22.—Japan will take advantage of the clearance made by the earthquake and flames to lay out improved and modern cities, according to an interview given to The Associated Press here today by Foreign Minister Ijima.

He said:

"It is fortunate for us that our foreign relations are in the best possible condition and we have no serious issue before us. Likewise we see none in the future that will jeopardize our relations with any country."

"It is most satisfactory to me on assuming the post of foreign minister to announce that no change in our tested pledges and policies laid down by our predecessor at Washington and Paris is advisable or contemplated."

"I am happy to say that our country as a whole overwhelmingly supports those policies and it is my purpose to continue them and strive to make permanent the clear understanding we reached with the great powers both in our relations directly with them individually and in our cooperation with them collectively where our interests are general."

"Altho we have been dealt with severely, humanity is giving an unexampled demonstration of its finer qualities. The stricken area of the country is receiving aid and supplies from the rest of Japan, while foreign countries seem unlimited in their generosity. The whole nation is deeply touched by the sympathy that comes to us from abroad. This demonstration of kindly human sentiment has impressed us deeply and will have a long enduring effect."

# WINS MATCH BEHIND OLD WALKING PLOW

(By The Associated Press)  
AURORA, Ill., Sept. 22.—Behind an old style walking plow like those that were used in the days of long ago when a farmer would walk more than thirty miles in following his blade for a day, Ernest Voss of Big Rock, Ill., turned the soil of more than half acre at annual Big Rock plowing match. He was to have competed with another plowman, Edward Baitn, also of Big Rock, but Berlin was so busily engaged in cutting frost bitten corn he had to forfeit his chances for the prize and it went to Voss.

Chief interest centered in the walking plow event though there were any number of contests for riding plows, horse drawn and tractor driven plows.

# TRAIN HITS AUTO. FOUR ARE KILLED

(By The Associated Press)  
MANDAN, N. D., Sept. 22.—Four sons of Mr. and Mrs. John Axt, living near McCusky, N. D., were killed and two others and the parents were injured when a Northern Pacific train struck their automobile at a grade crossing near Almont, N. D., 42 miles west of here late today.

# KILLS MAN WHILE RIDING IN AUTO

ATLANTA, Ga., Sept. 22.—Mrs. Ollie Justus, 25, shot and instantly killed Dewitt Turner as she rode with him in an automobile late today. According to the story she told the police it was a case of deserted love. After killing the man she took the wheel and stopped the automobile and when an ambulance arrived sat holding the dead man's head in her lap.

# OLD SOLDIER DIES

Springfield, Ill., Sept. 22.—C. D. Roberts, 75, a retired merchant who had been in business since the end of the Civil war, died at 2:30 o'clock on the Davlight Special of the Illinois Central as the train neared Mount Pulaski on the way from Chicago to Springfield today.

# WORK OF MEN HIT HARD BY MRS. BELMONT

Appeals to Women to  
Take Control of  
Affairs

(By The Associated Press)  
COLORADO SPRINGS, Colo., Sept. 22.—Declaring that it was time for women to take over world affairs, Mrs. O. H. P. Belmont, of New York, president of the National Woman's party, in an address today before the western division of the organization dealt traditions and established order a solar plexus blow.

"For twenty centuries men have been running the world," Mrs. Belmont declared. "Now it is time for women to take over affairs and as they very nearly hold a balance of political power at this time the day may not be so far distant as old party leaders imagine, when there will be set up a woman's government by women for women, children and humanity in general."

Has Never Voted

Mrs. Belmont declared she has never voted and would not vote until she could cast her ballot as a member of a woman's party and asserted that she long since despaired of making what she described as "women of leisure and luxury" awake to a sense of responsibility, and duty in a world where they have earned no place for themselves.

"For nine years I have been as one crying in the wilderness to women of wealth and leisure to give over their pleasures and frivolities and do something to justify their existence. I have cried in vain. No reform ever appealed to people who have all they want," Mrs. Belmont said.

"Now don't construe my meaning as being that of a woman opposed to men," Mrs. Belmont continued. "I am for men, but women and children first. Men have forgotten us during the past but we are going to remember them and take them back up and onward with us."

# MYSTERY PHOTO IS FULLY IDENTIFIED

BY HELEN STOKES

Taken in Denver Before  
Marriage to Mr.  
Stokes

(By The Associated Press)  
CHICAGO, Sept. 22.—Mrs. Helen Elwood Stokes today solved the mystery surrounding the identity of the original of a faded photograph of a woman sitting in an old fashioned automobile which figured in her charges that W. E. D. Stokes, wealthy New York hotel owner had attempted to injure her reputation by gathering perjured testimony that she was an inmate of a notorious club here two decades ago.

Mrs. Stokes, who charges that her husband had hired investigators to secure testimony to be presented at the re-opening of his divorce case in New York, caused an investigation by the state's attorney's office, declared thru W. C. Dannenberg, one of her investigators, that the photograph was a likeness of herself and that it was taken in Denver before she married Stokes.

Those Questioned

Various former inmates of the club had been questioned during the past two days by officials at the state's attorney's office. None of them identified the photograph as that of Mrs. Stokes but some said they believed it to be that of Helen Norwood, a former inmate of the club. All denied Mrs. Stokes had ever been at the club, some stating they had been approached by persons who professed to represent Stokes and questioned regarding the matter.

# MASONIC FRATERNITY FOUNDATION ASKED

(By The Associated Press)  
CHAMPAIGN, Ill., Sept. 22.—Plans for half a million dollar foundation at the University of Illinois for members of the Masonic fraternity and organizations sponsored by the order were announced today. Prominent Masons thruout the state have been interested in the proposition and it will be placed before the grand lodge in Chicago on October 9th, and before other Masonic organizations from time to time.

Present plans call for the erection of a dormitory, assembly hall and other rooms which will house the activities of the Order of De Molay, and kindred organizations.

There are approximately 2,000 persons on the campus eligible to participate in the activities of such a foundation and an appeal will be made to the 250,000 Masons in Illinois for assistance in the erection of the proposed building.

# REPORT STATE OF WAR IN BULGARIA

(By The Associated Press)  
LONDON, Sept. 23.—A state of war has been declared in Bulgaria by the government in consequence of a communist riot, says an Exchange Telegram dispatch from Sofia.

# GERMAN FOOD RIOTS ARE BEING REPORTED

(By The Associated Press)  
DRESDEN, Sept. 22.—Food rioting occurred again today around the public market stalls and although there were frequent clashes between police and rioters no serious casualties are reported. Disturbances also occurred at various points in the Saxon industrial sector, where the unemployed demanded the establishment of free feeding stations and the immediate payment of a cash bonus of \$3. The mob leaders then advocated the formation of potato raiding squads, whereupon several hundred men equipped with knapsacks and hoes left for the rural sections where the potato fields were looted.

# MIRACULOUS ESCAPE OF DARING AVIATORS

MEXICO CITY, Sept. 22.—Two Mexican aviators, Lieutenants Yanez and Lezama, narrowly escaped death today in establishing a Mexican altitude record when they became unconscious at a height registered by their instruments at 36,000 feet.

At that height the machine went out of control and it fell 20,000 feet before Lieutenant Yanez, the pilot, recovered sufficiently to manage a safe landing. Both airmen suffered severe hemorrhages.

# ADDED TROOPS FOR OKLAHOMA CITY IN STATE FAIR WEEK

Governor Also Claims There Will be Extension of Martial Law Scope Unless Satisfaction is Quickly Had in Obtaining Information and Results Desired—Extra Session

(By The Associated Press)  
OKLAHOMA CITY, Okla., Sept. 22.—Mobilization of additional units of the Oklahoma National Guard will be ordered soon, Governor J. C. Walton declared tonight in announcing that an extension of the scope of a separate martial law to several counties of the state is in prospect.

"We are not getting what we want out of several counties," declared the governor, ostensibly referring to the activities of his agents in investigating acts of mob violence in the state.

"I cannot say now when these other counties will be occupied by the military; but unless we get satisfaction soon, it is sure to come."

Governor Walton declined to name the counties to which he referred and also would not say how many troops would be called to augment those now in service.

He declared, however, that more troops would be ordered to Oklahoma City for duty during state fair week, which opened today.

Asked definitely how he intended to carry out his announced intention of imprisoning all members of the legislature who attempt to meet here next Wednesday in their scheduled extra-ordinary session, Governor Walton declared:

Plans Withheld

"I will leave that matter to Adjutant General Markham."

"I would hate to throw any of these legislators in jail, but if any arrests are necessary, General Markham will take care of it," the governor added. He refused to divulge his plans for preventing the session but reiterated his charge that it would be a meeting of a "lawless mob since 68 members (more than a majority of the house) are Ku Klux Klansmen."

"I cannot allow the Klan members of the legislature to assemble and call themselves the legislature of this state and proceed to act as such. If I permitted such action I would simply be turning the power of the state government over to the super government, whose headquarters are at Atlanta, Ga.," Governor Walton said.

Respects Legislature

"I want it distinctly understood by the citizens of this state and of the United States that I have the utmost respect for the legislature and at no time have I ever taken any step to interfere with its powers and prerogatives, and I wish further to say that I never shall in any way interfere with the rights of the legislature of this state to peaceably assemble at the capital of this state."

"Many members of the legislature are subjects of the invisible empire and they now are conspiring to meet together and claim that they are the legislature. This cannot be permitted. The constitution and laws of this state provide how the legislature may convene in regular and special sessions."

Finance Appeal

The governor in a formal statement issued an appeal to the people of Oklahoma to assist him financially to establish newspapers in Oklahoma City "and in other cities of the state" that "will let the people know the truth."

Governor Walton said that he needed \$100,000 to carry out his enterprise. He asked "all the people who are with me in this fight to respond and to respond at once, by wire if possible."

He said funds should be sent to Mrs. Aldrich Blake, Oklahoma City, wife of his counselor.

No Force Contemplated

Members of the lower house of the Oklahoma legislature will not resort to physical force if Governor J. C. Walton attempts to disperse them when they convene next Wednesday to consider his impeachment. This announcement was made tonight by W. D. McBee, representative from Stephens county and leader of the impeachment movement against the governor.

Representative McBee said the legislators would use the courts to prevent the assembly Wednesday. The statement was in reply to the declaration made by the house members "from their own defiance of lawful authority evidently intend to ride thru blood up to the bridge and any who oppose them will be wading thru a slaughter house into an open grave."

Northfield, Minn., Sept. 22.—Havne Memorial Chapel at St. Olaf college was destroyed by fire early this afternoon, entailing an estimated loss of \$100,000. The fire was discovered at noon by students returning from their classes. The cause was not ascertained.

# TO PROHIBIT TRANSMISSION OF FIREARMS

Authority Sought to  
Keep Weapons  
from Mails

(By The Associated Press)  
WASHINGTON, Sept. 22.—Efforts to check transmission of pistols and other weapons thru the mails will be pressed by the International Association of Chiefs of Police.

W. P. Rutledge, president of the organization who attended the conference yesterday of law enforcement officials with Attorney General Daugherty on establishment of a central criminal identification bureau announced today unless that it was found possible to bar badly weapons from the mails thru an order issued by the postmaster general an appeal would be made to congress to enact legislation conferring such authority.

Want General Order

Assistant Attorney General Seymour told Mr. Rutledge who is police superintendent at Detroit, Michigan, that while the post office department undoubtedly had power to prohibit mailing of firearms into states or cities with local prohibitory laws he was doubtful as to the existence of authority to issue a general order barring all fire arms from the mails.

Mr. Rutledge suggested that pistols and other weapons should be obtainable thru the mails only on official permits such as are required in many cities as the sale of fire arms by local merchants. The ease with which they can be received now thru the mails, he said practically nullifies the local ordinances.

# BRIDE OF FEW WEEKS IS DEAD IN ALGIERS

(By The Associated Press)  
CHICAGO, Sept. 22.—A bride of three weeks, Mrs. Grace Healy Woodruff, granddaughter of the late P. J. Healy, one of the founders of the Lyon & Healy music house, died yesterday in Algiers of pneumonia. A cablegram brought the news to Mr. and Mrs. Raymond J. Healy, her parents. Three weeks ago she was married in Paris to Fred W. Woodruff, president of the First National bank of Joliet, Ill. The couple had contemplated a honeymoon tour from Algiers across to Egypt and north thru Europe, sailing for home October 2.

Mrs. Woodruff became ill in Algiers, according to the message lying within a few days. Mr. and Mrs. Healy arrived home from Paris day before yesterday.

# SLAYER OF NICHOLS BELIEVED LOCATED

(By The Associated Press)  
BERLIN, Sept. 22.—The political section of the Berlin police has been instructed by the ministry of the interior to apprehend a Russian subject named Jacobowicz who is declared to have been implicated in the slaying of Czar Nicholas and other members of the royal family of Russia. The police say they have been aware of Jacobowicz's presence in Berlin for several months but have been unable to find him.

FIRE PREVENTION DAY

October 9 has been proclaimed as national fire-prevention day by President Coolidge. Chambers of Commerce throughout the country are arranging local programs to occupy the entire week of Oct. 7 in study of fire problems and fire prevention. October 9 has been chosen for special observance because it is the anniversary of the great Chicago fire. The announcement of these plans, coming so close upon the fire in Berkeley, should receive particular attention.

According to figures quoted in the President's proclamation, the nation's annual fire losses have been increasing instead of diminishing. In 1922, it is said, the national fire loss approximated 15,000 lives and more than \$500,000,000. This is the biggest fire

the nation has had to pay since 1906, the year of the San Francisco fire.

The per capita cost of these fires, many of which were preventable, is somewhere around \$4.67 for the last year. It is high time that our boasted American efficiency ended this annual wastage of life and property.

THE "GAS OF GOODNESS"

There comes from Paris a wild story about scientists discovering a gas which is the opposite of poison gas. More wonderful still, it is not only good for the body but good for the soul. Believe it or not—here is the yarn:

They were at work in a laboratory, trying to "break up the atom," when there came an explosion. The gases in their containers had disappeared. What had they turned into? They searched, and found nothing perceptible in the containers or in the closed room. But the experimental gases could not have vanished utterly. They concluded that the experimental material had changed into a new gas, more subtle than any yet known.

Then the scientists began to observe a strange thing. Of the experimenters, one was a crank who saw was looming a sign, with destruction of all mankind. He found this fear mysteriously vanishing. Another was embittered by family losses. Suddenly he felt that these losses were nothing at all. Two others were scientific rivals who hated each other. They found themselves respecting and liking each other. One was on the point of divorcing his wife. He decided immediately to effect a reconciliation. One was a miser. He started offering money to a colleague. It was hot, and hard on nerves. Yet

they all found their nerves soothed and went about their work serenely and happily. And the effect lasted.

The scientists concluded that they had produced a "gas of goodness," with miraculous effects in transforming human nature. Now it is merely a question—if you believe the story—of quantity production and distribution.

It would be simple, wouldn't it, to improve in that way?

Yet there has always been a "gas of goodness" in the world, capable of such regeneration, within the reach of everyone. Some people pay little attention to it, though, because it is called religion.

A MODERN TOKIO

Word comes from Japan that ruined Tokio, in being rebuilt, will be made "thoroughly modern," according to European and American ideas.

This is fine as far as the engineering work is concerned. It is well to eliminate narrow and crooked streets, laying out broad, straight avenues and radiating thoroughfares, with public parks, sewers, lights, etc., after our occidental ideals. We ourselves have done this in evolving from medieval conditions, and Asia must do no less if life in its large cities is to be made pleasant and healthful. It is well, also, to get away from the Japanese type of construction which makes buildings flimsy in their walls and framework but top-heavy with tiles. Experience shows that a building should be either altogether light or altogether heavy and strong, to resist the earth tremors.

Beyond a few such basic considerations, however, most people, of West and East alike, should regret any tendency to sacrifice typical Japanese styles of architecture for American and European styles. Everyone knows how much less attractive the Japanese look in their recently adopted western clothes than in their native costumes.

Architecture, too, is a kind of clothing. Every nation possessing artistic taste, when left to itself, develops a characteristic architecture which fits it, and which is pleasing as well as appropriate. It is native architecture which chiefly distinguishes one country from another, in the eyes of the traveler. It serves its purpose, too, in preserving the best elements of the national character. Japan, as all travelers report, is a country charming to the eye in rare degree. In adopting alien styles, it loses much. The world as a whole loses, too, in richness and variety.

Why should all men and nations as civilization progresses, be cast in one mold.

JAPANESE FUND IS STILL GROWING

H. J. Rodgers, Morgan County Red Cross chairman, yesterday was able to report total subscriptions of \$1,848.80 for the Japanese relief work. Subscriptions not previously reported include: Mrs. Sarah Conboy, \$10; Miss Mabel Conboy, \$10; Mt. Emory Baptist church, \$3.50.

Mr. Rodgers said yesterday that it was certainly greatly to the credit of Morgan county people that all but less than \$100 was contributed to the fund without solicitation. People read of the need and of the quota allotted to Morgan county and voluntarily made subscriptions to aid in a good cause.

FREE CONCERT TO DRAW LARGE CROWD

The second of the series of free concerts being given by the Community band will be staged at 2:30 o'clock this afternoon in the bandstand at Nichols Park. It is hoped that the weather will be more favorable than on last Thursday night. A varied program will be given and the repertoire will be different than the previous one. Numbers of persons are planning a trip to the park this afternoon. A large attendance is urged as it is fitting that the citizens should show interest in the splendid musical organization which has been built up in the community in the past few months.

### BODY OF MURDERED GIRL IS LOCATED

(By the Associated Press)  
MILLVILLE, N. J., Sept. 22.—The body of Emma Dickson, 15 year Millville High school girl was found today beneath a clump of trees off the Cape May Highway, seven miles south of here.

The girl had been beaten to death apparently with the hub cap of an automobile. She had been missing from her home in Bricksboro since Thursday evening, Sept. 13.

Authorities are working on the theory that the girl was given a ride in a motor car and killed by the motorist when she resisted his attack. A hub cap was found beside the body. There were blood stains of the girl's hair so far inside the hub cap as to preclude the theory of her being struck and killed by a motor car.

The back of the girl's head was crushed by blows, apparently inflicted by a blunt instrument.

### HUNTING PURCHASERS OF STOLEN WHISKEY

(By the Associated Press)  
ST. LOUIS, Sept. 22.—Altho no arrests have been made in connection with the theft of whiskey valued at approximately \$2,000,000 from bonded warehouses of the Jack Daniel Distillery and the Parker Distilling Company, authorities stated here today that a search is being made for the purchasers of the stock of the two distilleries from their original owners.

George Bausewein, general prohibition agent, asserted that difficulty is being encountered in locating the purchasers of the stock who were being sought for questioning in connection with the case. He expressed the belief that in some cases strawmen were put up as a screen for big whiskey operators behind them.

### COMMUNION OFFERED MEN OF ST. ANDREW

(By the Associated Press)  
CHICAGO, Sept. 22.—A service of preparation and celebration of cooperative communion, conducted by the Very Rev. D. T. Owen, of Hamilton, Ont., featured tonight's session of the International Convention of the Brotherhood of St. Andrew. The service was for the men's branch of the conference only, the boys having a camp fire on the south shore of Lake Michigan.

Following the closing business session and a forum on how to secure the best young men for officers in the church army, most of the day was occupied with ceremonies at the birthplace of the organization, St. James Episcopal Church—at which many tributes were paid its founder the late James H. Highten.

The convention closes Sunday night.

Edward C. Pierce of White Hall, income tax auditor, was a business visitor on the local square Saturday.

### RESERVE OFFICERS FAVOR DEFENSE PLAN

(By the Associated Press)  
CHICAGO, Sept. 22.—The Reserve Officers' Association of Illinois went on record in their first annual convention today as favoring the war department's interpretation of national defense.

The annual convention in 1924 will be held in Springfield. An effort will be made to bring the national convention for 1924 to Chicago it was said.

Major General George H. Harries of Chicago was elected president. Other officers chosen are Colonel Frank Hatch, Springfield, second vice-president; Colonel Earl Thornton, third vice-president; Colonel Harvey L. Jones, treasurer; Lieutenant Colonel Julius R. Kline, secretary.

The following reserve officers were elected to the board of governors: Col. E. J. Doering, Col. Charles Jacques, Lieut. Col. Roy Davies, Lieut. Col. Christian VanDeventer, Major P. D. Kemp, Major Sidney Packford Wilkus, Major James Sperry, Urbana, and Charles E. Guehl, Edwardsville.

### AFTER MONEY CHANGERS

Lepais, Sept. 22.—Fiscal agents accompanied by squads of plain clothesmen swooped down today on Lepais's money changers and bagged several thousand dollars and a mixed assortment of other currencies, which they confiscated after the owners had been given receipts, redeemable in paper marks.

Reiding squads also invaded the hotels and seized all foreign currencies found on the waiters and other employees.

## BRIEFS

(By the Associated Press)  
Freeport, Ill., Sept. 22.—Thieves who stole 45 young hogs from the farm of J. W. Mitchell near Darlington, Wis., are believed by the authorities to have silenced the porkers' squeals with chloroform. A similar method is supposed to have been used in stealing 200 chickens from an adjoining farm.

Chicago, Sept. 22.—Albany, N. Y., was chosen as the next convention city at the closing business session of the convention of the Brotherhood of St. Andrew. It was tentatively understood that the 1925 convention would go to Shreveport, La. The Louisiana delegation made a bid for next year's convention but inasmuch as the Episcopal general convention is scheduled for New Orleans next year, the delegation withdrew in favor of Albany.

Minneapolis, Sept. 22.—William Stauffer was found guilty of murder in the first degree for the slaying of Emil Engstrom, Minneapolis patrolman, by a jury here today and was immediately sentenced to life imprisonment by Judge Buffington. The jury was out 50 minutes and took only one ballot.

St. Louis, Mo., Sept. 22.—Consummation of the proposed merger of the Winton Automobile company of Cleveland, the Haines Automobile company of Kokomo, Ind., and the Dorris Motor Car company of St. Louis into a \$19,000,000 organization, to be known as the Consolidated Motors Corporation, is indefinite because of the present condition of the stock market, it was announced here today.

Seymour, Ind., Sept. 22.—The Crothersville State bank and the Citizens State bank, two institutions at Crothersville, a town 12 miles south of here, are insolvent and appointment of a receiver will be asked, Thomas Barr, deputy commissioner of the Indiana state banking department announced today. The two banks face losses of approximately \$100,000, Mr. Barr said.

Chicago, Sept. 22.—The Marine Transport Workers branch of the I. W. W. have called a strike effective last midnight, on the Great Lakes and a similar strike is in effect or will be called in Gulf and seaboard ports for the release of war prisoners and other demands, according to local officials.

## LARGE FORCE NOW AT WORK ON HARD ROAD

Ninety Men Encamped West of City—Company to Try for New Record.

A force of ninety busy road builders is now encamped at the west limits of the city, pushing rapidly the construction of the 6.4 miles of hard road between here and Lynnville. The Meneeley Construction Co., has moved its Mattoon division of road builders to this section and intends to complete the stretch of road in record time. The company holds the record for the number of feet of road laid in a week, which is 6,677. This was done with a 21 E mixer and on this job the company is preparing to use a 32 E mixer and expects to exceed its previous record.

The camp is located on the Bufile property at the corner of West College and Grand avenues. It consists of a bunk house, a mess hall and an office, all constructed of rough lumber covered with roofing. The bunk house is equipped with double deck army cots. The camp is to be run according to military rule to a certain extent, the work of keeping it in order being done by the men themselves. It is under the supervision of H. E. Myers, of Crown Point, Ind., who was a captain in the World War. Several foremen are now stationed here, among whom are Owen Cass and Cleve Rape of Indiana, supply and plant foremen; A. M. LaRoche, sub-grade foreman, and L. M. Cash, mixer foreman. Lee Stice of this city is secretary.

When the road west of the city is completed, the camp is to be maintained as winter quarters with about twenty-five men on duty. This force will be employed in overhauling the machinery. W. C. Meneeley is expected to visit the camp soon to inspect the work on the road.

## CALLED TO MILTON BY DEATH OF FATHER

Mrs. D. A. Schaffnit Receives Message Telling of Death of Father, Milton Batley.

Mrs. D. A. Schaffnit has been called to Milton by the death of her father, Milton Batley. The home of the deceased was in Perry, but he was a visitor at the home of his elder son, Charles Batley, when his death occurred.

Mr. Batley had been in failing health for an extended period, but a week since he became seriously ill and failed until the end came. The deceased is survived by his daughter, Mrs. Schaffnit, of this city and two sons, Charles Batley of Milton and Robert Batley of Kansas City, Mo.

The deceased had long been a resident of Pike county and had the confidence and esteem of all who knew him.

Mr. Schaffnit and Miss Eva Williams left Saturday night for Perry to be present at the funeral, which will be held this afternoon under the auspices of the I. O. O. F. lodge.

## FALL DISPLAY ON TOMORROW EVENING

Elaborate preparations are being made by the merchants for the fall opening and window display, which will start at 7:30 o'clock tomorrow evening. Every effort is being made to make this the best window display ever held. Committee members will be stationed on all corners of the square to furnish the people with ballots on which to vote for their favorite windows. To those picking the three winning windows will be given free tickets to the rides and shows of the carnival. Ballots should be deposited in the big box which will be found near the ferris wheel.

Promptly at 7:30 tomorrow evening whistles will blow and bells will ring. Lights in the business district and in the decorated windows will be turned on, and the windows will be unveiled. A large crowd is expected on the square for the occasion.

## SPECIAL PROGRAM AT MT. EMORY CHURCH

The B. Y. P. U. of Mt. Emory Baptist church, of which Miss Susie Lynch is president, have plans which are progressing nicely to make a splendid record in the society the coming winter. The society has been divided into six groups under the leadership of Rev. Mr. Snowden, Mrs. Snowden, J. R. Scott, Miss Reah Hamilton, Mrs. Hester Williamson, and Mrs. Medora Bryant. It is planned for one of the groups to furnish a program each Sunday evening, the program this evening being charge of Miss Hamilton.

## FAVORITE LODGE PLANS FOR RALLY

Members Will Have Special Gathering Oct. 4th—Lodge Now Second Largest In State.

Favorite Lodge Knights of Pythias of this city ranks second in the state in point of membership, being surpassed only by Palestine lodge of Mattoon. The Mattoon lodge has a membership of 661 and Favorite is credited with 600. The next nearest is one of the Chicago lodges, with a membership of 582.

These interesting figures were recently secured by J. E. Scott from the Grand Lodge. Favorite Lodge is planning for rally day October 4, and extensive preparations are in progress for that event.

It is the hope that there will be a nearly 100 per cent attendance and the rally day program will be one certain to interest the lodge men.

Activities are being now planned for the winter season and some special feature will have its place in the program of each month. The Rally day program committee includes J. E. Scott, James Guyette, J. B. Peak, Edward Hopper and L. F. Jordan.

The report of Minnie R. Green as administratrix of the estate of A. B. Green was approved.

A supplemental final report was filed by W. L. Ashbaugh as administrator of the estate of Elizabeth Ashbaugh and was approved.

## S. M. HENDERSON IS VISITOR IN CITY

Yesterday morning the Journal received a pleasant call from its old time friend, S. M. Henderson, formerly resident in Concord precinct. Mr. Henderson is now making his home with his son Donald, who is managing a large farm near Eureka, Ill., and is making a success of the business.

Mr. Henderson reports that his wife and a part of his family are now residing at Tucson, Ariz., and are well and prosperous. He may join them at an early date, but will first return to the home of his son at Eureka. He is visiting friends and relatives in this vicinity for a few days.

## WON NUMEROUS PRIZES AT STATE FAIR

Word was received in Jacksonville Saturday evening that Mrs. F. V. Correa of 845 East State street has been highly honored at the State Fair by receiving first prize for cartoons, second prize for oil work, second prize for pen work, second in posters, in the art department, and second prize in the textile department for hand painted scarf.

Mrs. Correa was forced to meet very heavy competition some of which was professional talent. The other entrants were from Mason City, Peoria and from other states. As it was her first experience in cartoon work she should feel highly elated in carrying off the blue ribbon on her cartoon which was on the present coal situation.

Mrs. Correa's work has never been seen in Jacksonville outside of her own home, but in the future arrangements will be made for a display of her art in the Hopper & Hamm window on the east side of the square.

## LODGE CHAIRS ARE RELICS OF OTHER DAYS

In the office of J. M. McCullough on West State street are two lodge chairs which were used in the old Odd Fellows hall at the northwest corner of the square about 45 years ago.

The chairs were used for the stations of the Vice Grand and the Noble Grand and some notable men have occupied both chairs in Odd Fellow lodge work, two of the best known being former Governor Yates, and Felix Farrell, Sr.

Mr. McCullough is very proud of these relics of olden days for the memories of early times in lodge work associated with them.

## MISS CARLSON BRIDE OF HAROLD McDUGALL

Well Known Young People Were Married Saturday Afternoon at Bride's Home.

Miss Helen Virginia Carlson and Harold C. McDougall were united in marriage at 2 o'clock Saturday afternoon at the home of the bride's parents, Mr. and Mrs. S. M. Carlson, 518 South Diamond street. Rev. M. L. Pontius, pastor of Central Christian church, performed the ceremony, which was witnessed by a limited number of relatives of the young people. The bride and groom were unattended.

The bride's gown was of blue crepe and she carried a bouquet of bride's roses.

The house was made especially beautiful by the use of autumn garden flowers, pink and white being the predominant colors used in the decorations.

A reception was held following the ceremony, and in the evening the newly wedded couple left for a wedding trip to Chicago. Upon their return they will reside at 917 West Lafayette avenue.

The bride is a daughter of Mr. and Mrs. S. M. Carlson and is one of the well known and popular young women of the city. She graduated from the local high school and Brown's Business college, having spent all of her life in this city.

Mr. McDougall is a son of Mr. and Mrs. F. C. McDougall of West Lafayette avenue and is also a graduate of the local high school. He has for several years been associated in business with his father and is held in high esteem by all who know him.

## MISS BROWN TELLS OF FLORIDA HOME

Miss Clara Brown, who is visiting at the home of her sister, Mrs. F. J. Waddell, in this city, is a resident of Pompano in southern Florida, where she has built a home almost in the wilds of the tropics. Wild cats and snakes abound, and tropical fruits grow in abundance in the yards of the citizens. Miss Brown's lot backs upon the East Coast canal, where she has a fishing boat. The Atlantic ocean with a splendid beach is only 2 blocks away. The climate is delightful in winter but rather unpleasant in summer, as the insects are numerous and aggressive.

Mrs. Helen Brown Read is expected in the city on October 6th and will also visit at the Waddell home, where the three sisters will have a sort of reunion. Miss Brown and Mrs. Read expect to leave about October 1.

## CHAUNCEY OLCOTT COMING OCTOBER 4TH

"Irish Eyes of Love," "Liddle Buck Mac" and "A Broth of a Boy," are three songs that have added much to the undisputed sway of Chauncey Olcott in the realm of stage favorites. All these ringing ballads occur in Mr. Olcott's most popular play, "The Heart of Paddy Whack," and this enjoyable presentation has been selected for the distinguished actor-singer's first tour under the management of The Selwyns, appearing at the Grand Opera House Thursday night October 4th.

This enterprising firm of producers contemplates dramatic achievements in the career of Mr. Olcott surpassing all this popular favorite's past triumphs. For this occasion the management has assembled the original cast of "Paddy Whack," including such well remembered Olcott players as Willa Frederick, Kalman Matus, Chas. E. Verne, Richard Quilter, Helen Gurney, Ella Rock, Nina Saville, James Marr and Francis Connors.

An augmented orchestra is carried by Mr. Olcott to lend the necessary spirit to the rendition of the famous ballads.

Harry Vost, advance representative for Mr. Olcott, came to Jacksonville last night to complete arrangements for the engagement with Manager Scott.

## SURVEY BEING MADE OF STREET RAILWAY

A survey is now being made of the Jacksonville Street Railway by the Illinois Light & Power Co., the work being in charge of the Beeler Organization of New York, consulting engineers. The survey will require about ten days to complete and is of a very thorough kind.

According to E. H. Gray, local superintendent of the company, the survey is being made for the purpose of ascertaining the general condition of the property with a view to making such improvements as are found advisable.

C. Schillings is in charge of the work here and other members of the party are Virgil Andrews, Wilcox Seymour, E. Holmes, and H. Armstrong, all of Mt. Sterling and J. J. Murphy of Cahokia, Mo.

## HOME OF R. S. WOOD VISITED BY THIEF

R. S. Wood reported to police yesterday that his residence southeast of the city was apparently entered by a burglar sometime Friday night. When he arose yesterday morning he found his pocketbook containing \$14 was missing. Thinking he had misplaced it, he dropped the matter until he returned home in the afternoon. The pocketbook was still missing and Mr. Wood came to the conclusion that his house had been entered. There were a number of notes and checks in the pocketbook which were of special value to Mr. Wood, and he is ready to pay a reward for the return of the property.

The residence of Lycurgus Goheen, 625 South East street was entered by a sneak thief sometime Friday night, and a purse containing eight dollars in bills was taken. Miss Marie Goheen heard a noise about 4 o'clock Saturday morning, but raised no alarm. The police received no notice of the robbery until late yesterday.

## TAKES POSITION WITH BABY GARAGE

Alderman Basil Sorrells will tomorrow begin his duties as salesman for S. W. Babb, dealer in Dodge cars. Mr. Sorrells, who is well and favorably known, has had ample experience and will no doubt prove a valuable addition to the sales force of the Baby garage.
